

# Peaceful Heart Alpacas

On the Blue Ridge Parkway

An Alpaca Farm & Store

We are a multigenerational family farm breeding high quality alpacas with fine fiber. We sell registered breeding stock from recognized bloodlines as well as fiber/pet animals.

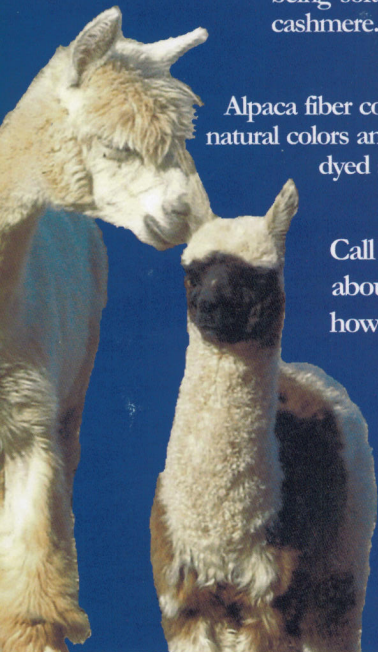

## Did you know ?

Alpacas are gentle animals, native to the Andes Mountains, related to both llamas and camels.

Alpaca fiber is stronger, lighter and warmer than wool while being soft like cashmere.

Alpaca fiber comes in 22 natural colors and can be dyed any color.

Call or email for information about our fiber art classes in how to spin, dye, weave, felt, knit and crochet.

Groups are welcome for farm tours and educational programs. Call to schedule a visit!

Stop by and meet our gentle alpacas

Our farm store carries a full line of Certified Fair Trade items made from alpaca fiber: socks, slippers, purses, hats, scarves, shawls, sweaters, capes and blankets.

We have something for everyone!

We can supply all your fiber needs from the alpaca to the finished product: raw fiber, rovings, hand or mill spun yarns, and handcrafted items.

Puppets, Alpacas, and Bears . . . Oh My!  
All handmade from soft alpaca.
